Specialist provider of high-quality, British-engineered laboratory furniture, serving sectors including education, healthcare, pharmaceuticals, industrial R&D, and government laboratories.

Why Mark Finn?

Trusted by Over 4,000 Businesses Worldwide

From ambitious start-ups to global multinationals, organisations choose Mark Finn to create laboratories that go beyond furniture.

We design, manufacture, and install durable, compliant, and ergonomically crafted environments — spaces built for precision, safety, and innovation.

What we do?

With decades of experience, we combine traditional craftsmanship with modern engineering to deliver solutions that are both functional and future-ready.

Manufacture the highest quality laboratory furniture available in the in the UK.

We operate under three brands—Mark Finn (our full range), Lab Table, and UK Lab Chairs—all managed from one office.

Fixed Benching

Mark Finn's Fixed Benching System is a durable, custom-built solution for permanent lab installations. Designed for strength, hygiene, and precision, it's made to fit your space exactly using robust, chemical-resistant materials. With optional wall-fix installation, it comes backed by a 10-year guarantee and a 20+ year expected lifespan.

Balance Bench

Mark Finn's Anti-Vibration Balance Tables are manufactured to your dimensions to ensure they fit your requirement. Perfect for fine detail work such as using Microscopes. With its welded joints typically being 3 times stronger than the actual steel. The frame is sand blasted and painted under heat to ensure a tough lasting finish which will not crack, chip or peel like conventional paints.

FEATURES

- 30mm dark granite worktop
- Fully welded steel frame (40x40x4mm) filled with silica sand
- Load capacity up to 750kg (customisable for heavier loads)
- Machine-threaded anti-vibration levelling feet with sorbo rubber/cork pads
- Optional middle or back lower rail
- Standard size: 1200x600x916mm (custom sizes available)
- Designed for maximum vibration isolation and stability
- 10-year guarantee against normal failure
